Re: Receipt of €500 on 17/09/2018

Dear Clive,

Thank you so much for choosing to support CMRF Crumlin and wanting to make tomorrow's children's health care better than today's. Your generous €500 online donation for the Great Dalata Cycle has contributed to the event raising a spectacular €47,000! The future of paediatric care and research is brighter because of compassionate people like you making the decision to support CMRF Crumlin.

When James was a toddler he wasn't well and his mum Noreen brought him to Crumlin. Sadly, James was diagnosed with leukaemia, the most common type of childhood cancer. Thankfully, James got better and the family settled back to normal life. Until the unthinkable happened again. James's little sister Kate was also diagnosed with leukaemia.

Noreen understands better than most that research leads to cures and to shorter, better treatments for children like Kate. Thanks to research that James took part in while in Crumlin, his little sister's treatment 10 years later was gentler, more effective and resulted in her stay in hospital being 6 months shorter than his.

With only 3% of medical research funding being spent on children, your support for CMRF Crumlin is crucial to finding answers to countless questions, creating hope for the future and better treatments for sick children. Your generous contribution will enable CMRF Crumlin to fund researchers and clinicians striving to find the answers, medicines and treatments that patients like Kate depend on.

For children like Kate and James to have the benefit of lifesaving treatments and breakthroughs, we rely entirely on the generosity of people like you. Thank you.

Yours gratefully,

Sarah Joyce
